

Gillingham House, Gillingham St, Victoria

Unisex cubicle have washbasin, towel dispenser etc

Decra Barbarian unisex cubicle system

Gillingham House, Gillingham Street near Victoria Station– September 07. Decra Barbarian unisex cubicle solution

# Men & women unite in this office refurbishment near Victoria Station !!!!!

**Decra provided this innovative unisex washroom solution for the contractor Collins Construction as a cost saving alternative to the specified system. Decra used half section pilasters from our Barbarian cubicle system, with an infill aluminium panel– secured at the floor with a solid laminate interface. Doors were faced with a Deralam aluminium effect laminate and the half height ducts within the compartment– faced with a walnut effect laminate. Basin and towel dispenser are supported on 125mm stud partition. Structure is taken to 2360mm overall. Client Scottish Widows Unit Fund.**
