

Decra's Burj full height cubicle system installed at Santander House in Milton Keynes.

Architects - The Control Group specified the Decra Burj flush fascia full height cubicle system for offices for Santander (formerly Abbey National) Pear effect high pressure laminate has been used for the doors/pilasters and duct panels together with DDA compliant stainless steel hardware. Decra also supplied the steel grey colour granite vanity top and laminate under panels as well as the tile effect laminate urinal panels. Burj forms a part of the Decra Architectura range of innovative washroom cubicles and associated products. Contact Decra for more info
