

Fact file

130 Wood Street London EC2

Specialist fit out contractors Modus specified the Decra Burj ST cubicle system for this contemporary office fit out in London's Wood Street (near St Pauls)

38mm off white glossy laminate faced composite panels have been used for the cubicle doors and pilasters with a rebated ash hardwood edge.

DDA compliant stainless steel lock is standard with the Decra Burj ST system along with sprung stainless steel hinge and buffered s/steel coat hook.

Stud partitions have been installed by Modus with Decra providing an extruded aluminium interface to secure the fascia to the partitions.

Burj ST forms part of the Decra Architectura collection of innovative washroom cubicles and associated products. Contact our sales team for more information.
