

Oh so classy washroom makeover at Citigroup Canary Wharf.

Regular Decra specifier Arcadia chose the Decra Burj full height cubicle range with our Levada trough vanity unit for the London HQ of bank giant, Citibank. The Walnut effect fascia contrasts with Corian Glacier White trough unit creating a truly luxurious feel.

Decra Burj is a true full height cubicle with the division panels finished with extruded aluminium interface sections at floor and ceiling level. Quality DDA compliant stainless steel hardware completes the installation.
