

Cubicles have a floating appearance from the front view

65 Crutched Friars May 2008 Decra Burj 44mm flush fascia cubicle concept
American white oak veneer laminate doors white laminate pilasters/partitions

S/steel grab rail for outward opening ambulant disabled cubicles

2 tone Burj 44mm flush fascia cubicles installed in this London office refit

Architects, TTSP specified the Decra Burj 44mm flush fronted cubicle system for this office refurbishment near Tower Hill. Real wood white oak veneer has been used with a protective melamine overlay for cubicle doors and white hpl laminate for pilasters/partitions and duct panels. the contrast colours meet the latest DDA guidelines and the s/steel hardware is also DDA compliant. Burj is a true full height system with aluminium interface sections used for floor and ceiling junctions. Classy solution from Decra
