

Walnut veneer duct panels

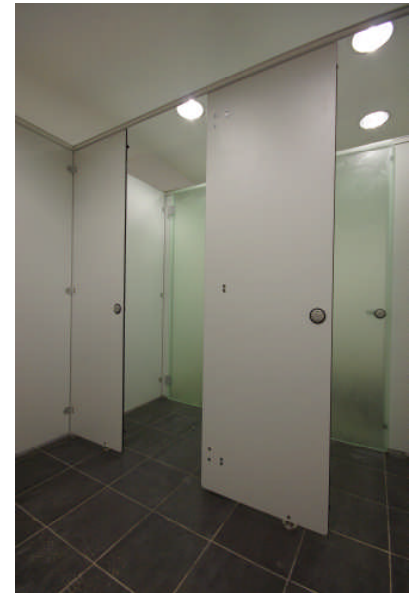

Walnut urinal panels

## Business park in Dorking sees the arrival of Decra's Burj classy full height toilet cubicles

Architects Campbell Assoc specified the Decra Burj full height cubicle system for this office unit in West Dorking for their client Morley Fund Management. 38mm lightweight fascia clad with real wood American Walnut veneer laminate is combined with quality DDA compliant stainless steel lock for the ultimate cubicle solution. Extruded sections in aluminium provide the interface between the floor and the ceiling and the architect has added a tiled skirt onto the aluminium sections at the floor to match the floor tiles. Decra have also provided Shower cubicles with solid grade laminate panels and a Perspex inner door. *Ends*
