

Fact file

Rosewood Hotel Holborn Decra **Cascade Z** locker system

Specialist hotel fit out contract Beck Interiors specified the Decra **Cascade** locker system in a **Z** configuration for staff changing rooms at the newly refurbished Rosewood Hotel near Holborn Tube Station (formerly the Chancery Court Hotel).

Durable solid grade black core laminate is used in the construction of **Cascade** along with 316 — marine grade locks and hinges therefore ensuring that Cascade is the ideal locker solution for both wet and dry areas.

Matching solid grade benches are also available for the Cascade locker system.

Contact Decra for more details.
