

Project: Wilbury primary school- Edmonton **Client:** Local authority

Architect: Child Graddon Lewis

M/C: Durkan Pudelek

Spec: Decra's Deluge shower cubicle system has been installed in this extension to Wilbury primary school in North London. 10mm frosted acrylic is combined with durable 13mm solid grade laminate to provide a shower cubicle solution that provides a safer alternative to toughened glass. The funky rotary action lock mechanism keeps the fun element to the concept and numerous colour combinations can be achieved.
