

Fact file

Warwick School for Boys, London - Executive cubicles

Main contractor Swift Southern chose the economical Decra Executive cubicle system for this school in East London.

Plain blue and yellow high pressure laminates are bonded onto moisture resistant particleboard core and combined with durable satin anodised aluminium hardware.

Executive forms part of the Decra Constructa range of inexpensive cubicle solutions for projects such as schools and the range is available in numerous plain colours, patterns and wood grain laminates.

Decra are chain of custody accredited and can provide a fully PEFC compliant "Executive" specification for BREEAM considerations.

Contact our sales department for details, laminate samples etc.
