

**Decra Freestyle shower and wc cubicle system and Cascade lockers installed at the new ORMS designed sports centre at Uppingham School.**

Decra worked closely with ORMS architects to provide a hybrid version of our Freestyle solid grade laminate cubicle system for shower and changing rooms. Panels are constructed from 12mm water resistant solid grade laminate . Skirting interfaces have been used (where required) to aid water containment and drainage channels have been used in each shower cubicle. Freestyle toilet cubicle are in a neutral grey colour. Cascade lockers have been installed in mixed tiers in plain white and bench units are in Beech hardwood. Recyclable Durat solid surfacing material has been used for vanity units in grey colour 030.

Contact Decra for more details.
