

Manchester GMEX Centre Decra Stratum 20mm flush fascia cubicle system  
Architects Stephenson Bell specified the Decra Stratum 20mm flush fascia cubicle system  
For Manchester's GMEX exhibition centre. Durable 20mm solid grade laminate in a metallic  
green colour has been used for the fascia, with the long edges of the doors and pilasters  
rebated to create the linear frontage. 13mm solid grade laminate is used for the division  
and duct panels. Quality DDA compliant stainless steel hardware completes the installation  
For more details contact the Decra Sales department on..020 8520 4371. [www.decraltd.co.uk](http://www.decraltd.co.uk).

## project case study

34 Forest Business Park  
Argall Avenue, London
