

Decra Stratum 20mm flush fascia cubicles in oak effect

DDA compliant stainless steel lock

Decra Stratum 20mm flush fascia cubicle system as installed at International Coffee House– Berners Street, London

Stratum– the perfect blend of cubicle design chosen for Coffee company HQ

Decra Stratum 20mm solid laminate flush fascia cubicle system has been installed in this office HQ for a major coffee company in Berners Street– opposite the Sanderson hotel. The 20mm oak effect solid laminate doors and pilasters are rebated to create the linear frontage and the structure taken to 2100mm above f.f.l; with a 100mm floor clearance. Simple white post formed laminate vanity top with inset David Chipperfield White and Silver range basins, completes the installation. Decra worked closely with architects MR Pshp on this stunning solution

White post formed laminate vanity top
