

## Public toilet block of the year ??????????

This stunning building designed by Plastik Architects and featured recently as a double page spread in Building Design incorporates Decra's durable but contemporary wash-room cubicle system Stratum 20mm. Manufactured using durable solid grade laminate, we apply a rebate to the long edges of the doors and pilasters thus creating a linear appearance. Aqua blue has been used for all panel components creating a striking contrast to the vivid internal wall paint colours. Stainless steel DDA compliant lock/pedestal leg/coat hooks. Stratum 20mm forms part of the Decra Architectura cubicle collection.
