

Harman House — Uxbridge, Decra Stratum 20mm solid grade laminate washroom and shower cubicles:

Architects Barr Gazetas specified the durable elegant Decra Stratum cubicle system for a refurbishment of Harman House in George Street Uxbridge. Stratum has rebated 20mm SGL doors and pilasters and 12mm SGL partitions and rear duct panels. Washroom cubicles are installed in a virtual full height configuration with 20mm s/steel pedestals and a ceiling interface for the partitions along with stainless steel locks (DDA compliant) and buffered s/steel coat hooks. Shower cubicles have integral wooden slat bench units and mirrors fitted back to back on the partitions. Vanity units are in Corian with matching integral basins. Contact Decra on 020 8520 4371 for more details or visit us at www.decraltd.co.uk
