

Decra Streamline cubicle system with aerofoil shaped satin anodised finish aluminium pilasters and monotone panel colours.

Extra Motorway Services Beaconsfield

Solid surface vanity top in Formica Nightmist

Newly opened "Extra" service station features Decra wc partitions and vanity units from the Architectura collection of washroom products

Leeds based architects Design Group 3 chose the Decra Streamline cubicle system with Formica Graphite Grey solid grade laminate doors and Folkestone Grey solid grade partition panels for this service station at junction 2 on the M40 motorway. Formica Nightmist solid surface material has been used for the vanity top keeping the elegant monotone feel to the scheme. Tough satin anodised finish hardware completes this stylish installation.

Solid grade laminate urinal panels in Folkestone Grey
