

Duravit basins teak effect laminate back panels

Glass modesty screens and support frame by Geberit

150 Aldersgate Street London EC2 Jan 08

Classy washroom fit out for a law firm near London's Barbican complex using Decra Symetria cubicle system– with flat fronted aluminium pilasters

Architects– DEGW specified the Decra Symetria cubicle system based on the success of a previous project that used the same Decra system

Symetria incorporates flat fronted aluminium pilasters with quality stainless steel ironmongery to provide a classy appearance. Teak effect laminate doors has been combined with glossy white laminate partitions to provide a visual effect in keeping with the building's style. The individual vanity basins are contained within teak laminate columns that provide a contemporary look and the glass vanity unit and support frame is from a range supplied by Geberit
