

**Ultra contemporary vanity units by Decra for energy company Centrica HQ !!!**

Cubicle and vanity unit specialists Decra Ltd provided the company's bespoke fabricated vanity units for the head quarters of energy giant Centrica in Windsor. Durat recyclable solid surface material has been used to form the vanity tops which also have integral moulded basins in the same colour. These monolithic units provide a refreshing change to conventional vanity tops with china basins. Bespoke vanities are part of the Decra Architectura collection contact us on 020 8520 4371 or visit [www.toiletcubicles.org](http://www.toiletcubicles.org)
